## Summary

I am currently pursuing my degree in Business Computer major at the Lebanese University, where I am gaining a strong foundation in technology and business. I have a genuine passion for Software Development and am dedicated to enhancing my skills in various technologies. I am actively working to expand my expertise in Laravel, React.js, and Node.js as well as Web Development using HTML5, CSS3, JavaScript and PHP. I am excited about the endless possibilities in the tech world and eager to contribute my knowledge and skills to innovative projects.

## Experience

### C++ Developer

#### CodSoft

Aug 2023 - Sep 2023 (2 months)

During my remote internship as a C++ developer, I had the chance to engage in a wide array of tasks. These tasks included working on various software applications and games. Among the projects I worked on were the recreation of classic games like Domino and the development of productivity tools such as a task list application and a calculator application...

This experience provided me with a comprehensive exposure to C++ development and allowed me to deepen my understanding of computer programming. It also gave me valuable practice in problem-solving and effective collaboration on a variety of software projects.

### Data Entry Specialist

#### Talia Charity

Jun 2022 - Nov 2022 (6 months)

During my tenure as a data entry specialist at Talia Charity, I was entrusted with the critical responsibility of managing and inputting vital data into the organization's databases. My role involved meticulously recording and organizing various types of data, such as donor information, financial transactions, and project details.

In this capacity, I played a pivotal role in maintaining the integrity and efficiency of our data management systems. I consistently upheld a high standard of accuracy and precision when handling sensitive information. This commitment ensured that Talia Charity could rely on accurate records to make informed decisions and uphold transparency in its operations.

My experience at Talia Charity not only honed my data entry skills but also deepened my dedication to the organization's noble mission. It was a fulfilling opportunity to contribute to positive change and have a meaningful impact by ensuring the integrity of our data, which is the foundation of our philanthropic efforts.

## Education

**Lebanese University**

Bachelor's degree, Business Computer Science  
2021 - 2024  
GPA: 70.905

## Licenses & Certifications

**Agile Information Systems Development Principles: Practical Examples -**  
CentreMINE - مركز المهن والابتكار وزيادة الأعمال  
UL22-SB02-0338-0199-0002
